

KEEP YOUR PRACTICE RUNNING LIKE CLOCKWORK

The search for reliable administrative support for routine office tasks is over. Your staff can get back to higher value responsibilities while AQuity handles the routine support duties for your practice. We improve your office efficiency while lowering the overhead expenses. AQuity's dedicated teams operate around the clock to eliminate backlogs and keep your staff from working overtime.

Types of Services We Provide:

- Digitize handwritten notes and add into EMR
- Manage call overflow, including after-hours
- Transcribe voice messages and electronically route to appropriate team member
- Scheduling and appointment changes during and after business hours
- Prescription refill requests
- Prior authorizations
- Chart prep & pre-registration activities
- Referral records processing
- Records indexing
- Fax screening, sorting, and routing with captions

Revenue Cycle Management

AQuity's experienced team provides complete outsourced billing and collections services for all specialties to optimize justifiable revenue.

Oversee Day-to-Day Operations

Keep your overhead low with AQuity's high quality data entry and documentation support. Short turnaround times keep you on schedule without backlogs.

Maximize Workflows

Our unique practice management framework for process optimization and quality control provides stable office workflow in support of profitable care delivery.

Spend your time focused on patient care and let AQuity handle your day-to-day office operations.
